55-330 Krępiec, Poland

Date of Cu⁺ registration: **25.05.2013**
(valid for one year and subject to renewal)

No.03/sub/2012

Signed on behalf of approving Copper Centre:

Piotr Jurasz - Program Director

Michał Ramczykowski - President

As the global industry representative, International Copper Association, Ltd (ICA) working with Copper Development Association Inc, has established the Antimicrobial Copper brand with service and certification marks. The Antimicrobial Copper marks ensure that International Copper Association, Ltd and its global network of Copper Centres (the Copper Alliance) address their stewardship with regard to the deployment of copper and copper alloys in the field.

The use of the Antimicrobial Copper brand and Cu⁺ mark by an organisation indicates that a Copper Centre, on behalf of International Copper Association, Ltd has granted permission to do so based upon adherence to strict usage rules. These rules guide that organisation's understanding of the underlying technology and the way they promote, advise and deploy it in line with existing research, regulatory and legislative requirements.
